This accreditation covers testing of gaming equipment (e.g. interactive gaming systems, slot machines, video lottery terminals, table games, multi station games and peripheral devices) for compliance to the requirements of jurisdictions whose governments regulate gambling through the implementation of rules, regulations and technical standards. Gaming equipment includes but is not limited to the Unit / System Tested listed above.

The types of testing includes but is not limited to the types of activities listed above and additional tests requested by the government agencies, tribal agencies and jurisdictions, as well as gaming equipment manufactures under certain circumstances.

Accredited Laboratory

A2LA has accredited

GAMING LABORATORIES INTERNATIONAL, LLC

Burnaby, British Columbia, Canada

for technical competence in the field of

Information Technology Testing

This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2005 *General requirements for the competence of testing and calibration laboratories*. This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (refer to joint ISO-ILAC-IAF Communiqué dated 8 January 2009).

Presented this 29th day of March 2016.

A handwritten signature in black ink, written over a horizontal line.

President and CEO
For the Accreditation Council
Certificate Number 2428.07
Valid to May 31, 2018
Revised March 14, 2018

For the tests to which this accreditation applies, please refer to the laboratory's Information Technology Scope of Accreditation.
