PRODUCT CERTIFICATION BODY

Valid to: November 30, 2019

Certificate Number: 3142.01

In recognition of the successful completion of the A2LA Certification Body Accreditation Program evaluation process, accreditation is granted to this organization to perform the following certifications relating to: Building Design and Construction, Interior Design and Construction, Operations and Maintenance and Neighborhood Development to the following LEED certification standards:

<u>Certification Scheme</u>	<u>Product Type / Category</u>	<u>Standards / Requirements</u>
USGBC LEED (Leadership in Energy & Environmental Design) Certification	LEED Building Design and Construction ^{1,2}	LEED for New Construction; LEED for Core & Shell Development; LEED for Schools
	LEED Interior Design and Construction ^{1,2}	LEED for Commercial Interiors
	LEED Operations and Maintenance ^{1,2}	LEED for Existing Buildings: Operations & Maintenance
	LEED for Neighborhood Development ^{1,2}	LEED for Neighborhood Development

¹ This accreditation demonstrates technical competence for the certification standards as defined above. The accreditation granted indicates that The Epsten Group, Inc. may issue certifications and certificates for compliance with LEED Certification Standards. While a certificate would not be issued by the Green Building Certification Institute (GBCI), the certification and certificate issued by The Epsten Group, Inc., should be considered equally reliable in its affirmation that the product meets the applicable USGBC LEED standard.

²Also using associated guidance documents, including such documents as application guides and supplements, to aid in the determination of compliance.

Accredited Product Certification Body

A2LA has accredited

EPSTEN GROUP, INC., THE
Atlanta, GA

This product certification body is accredited in accordance with the recognized International Standard ISO/IEC 17065:2012 *Requirements for bodies certifying products, processes and services*.
